Dear Dr. *[Mr.]* Schubert,

Thank you very much to forward your letter to me. It is also great to know that SAVE is also actively protecting the BFS habitat. The species still needs many of us working together to provide safer and better habitats for them to breed, migrate and winter.

Best regards,

Yat-tung Yu
Hong Kong Bird Watching Society

Please see the letter below or the attached PDF. This is what we are mailing to Mayor Yoo of Incheon Metropolitan City, concerning Namdong Reservoir and the plans for the new wastewater treatment plant.

I have also posted our letter as a petition on the "e-People" website (epeople.go.kr). It is application number 1AA-1608-102391.

Sincerely,
Derek Schubert
President, SAVE International
